Life At Elevated

Team Spotlight: Elevated Team Hike

At Elevated Wealth Management Group, we believe strong relationships are built both inside and outside the office. On July 6th, our team closed the office a little early and spent the afternoon enjoying one of the many treasures our beautiful Rim Country has to offer.

We met at the Washington Park Trailhead beneath the Mogollon Rim for a beautiful team hike. The trail is creekside and is surrounded by vibrant ferns & towering pines.

The afternoon gave us an opportunity to connect, recharge, and enjoy time together away from our desks. Experiences like these strengthen our team and reinforce the collaborative culture that allows us to better serve our clients every day.

We are grateful to live and work in such an incredible place and look forward to many more opportunities to enjoy the outdoors together.
